

FKM 500 CNC with GSK

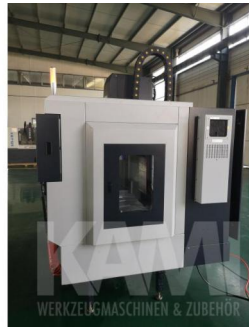

FKM 500 CNC with GSK

SPECIFICATIONS

table size	800x240 mm
spindle speeds	0-6000 U/min
drilling capacity in cast iron	40 mm
drilling capacity in steel	32 mm
travel longitudinal (x)	500 mm
travel cross (y)	300 mm
vertical travel (z)	400 mm
max. distance spindlenose - working table	450 mm
tool mounts	BT 30
quill diameter	120 mm
rapid feed X+Y-axis	20m/min
rapid feed Z-axis	15m/min
t-slotsatzahl-size-distance	3x14x80 mm
distance spindle nose - column	320 mm
Toolplätze	12
tool diameter max.	104/205mm
tool length max.	250 mm
tool weight max.	8 Kg
power of engine	3,7 KW 400 Volt
max. weight of workpiece	100 Kg
weight	500,00 kg
dimensions	1620x2050x2450 mm

EQUIPMENT

- » Ball leadscrews in all axis
- » central lubrication manual
- » servomotors, driver cards
- » ready equipped with GSK218MC control system
- » 12-fold tool changer

ACCESSORIES

Ball leadscrews in all axis
central lubrication manual
step motors, driver cards
ready equipped with GSK218MC control system
12-fold ATC tool changer
