

# SNMG120408E-MB2 AP301M

TURNING INSERT

# SNMG120408E-MB2 AP301M

## SPECIFICATIONS

Wenof thechneidplattenform	80°
freewinkel	7°
Toleratz	0,127mm
Klemmtyp	g
Schneidelänge	12mm
Plattendicke	4,76mm
Eckenradius	0,8mm
Kattenpräparation	ground Schneide
Spatbrecher	MB2
weicht	3,00 kg

Diagram showing materials compatibility for the SNMG120408E-MB2 AP301M turning insert. The table lists various materials and their compatibility with the insert, color-coded by material type: Blue for steels, Yellow for cast irons, Red for stainless steels, and Orange for titanium alloys. The table includes columns for material groups, specific materials, and compatibility status.

Diagram showing materials compatibility for the SNMG120408E-MB2 AP301M turning insert. This is a more detailed version of the compatibility table, showing specific material grades and their compatibility with the insert. It includes columns for material groups, specific materials, and compatibility status, with color-coding for different material types.
