

Vertical lathe DKM 2500.1.3 K

Konventionelle Zweisänthe - Karussell - Lathe with kraftvollem drive

Price upon inquiry

specifications

working diameter max	2500 mm
processingshöhe max	1310 mm
max. workpiece weight	13000 Kg
Diameter of Table	2200 mm
speeds	2 - 62 mm/min (16 steps)
feeds longitudinal/cross	0.24 - 145 mm/min (18 steps)
quick feed cross	2160 mm/min
Crossbeam support X-axis travel	1210 mm
crossbeam vertical travel toolholder for lathe	800 mm
lateralr STahlhaltersupport movement of X-axis	630 mm
lateralr toolholder for lathesupport movement of Z-axis	1150 mm
quick feed of Traverse	350 mm/min
rated capacity	37 KW
weight	24.400,00 kg
dimensions	5500x6960x5025 mm

accessoires

Ball leadscrews + servo drives the axis
