

radial arm drill press RKM 6045

Powersheavily Schnellradiale with big travelen and sehr reichhaltigem accessory. The stable Bauweise allows flexible insertpossiblekeiten wie drilling, threadbohren, Senken and Ausdrehen at highestr Pázision.

Price upon inquiry

specifications

drilling capacity in steel	40 mm
spindle speeds	stepless 50 - 315/315 - 2000 U/min
working area	1200 x 505 mm
tool mounts	morse cone 4
quill stroke	200 mm
diameter of coloumn	220 mm
arm/Kopf rotatable	+/- 90°
size of t-slots	18 mm
distance spindle nose - column max	560 mm
travel Oberarm	590 mm
distance spindlenose - Workbenchoberfläche max.	760 mm
automatic feeds	0,08 - 0,5 mm/U (6)
weight	2.740,00 kg
dimensions	1720 x 1200 x 2250 mm

equipment

- stepless adjustable spindle speeds with LED Display
- autofeed with depth indicator
- digital Bohrtiefenatzeige
- linear guide ways for quick and precises processing
- verschiebete processingstationen
- Schaltung the hydraulic Brake per Leverdruck
- swivel-mounted drilling head 90°

accessoires

speed indicator digital, additional working area sideways and behind, cube table, swivel-mounted Horizontaltisch, digital Bohrtiefenatzeige, Halogen working lamp , cooling device, threading attachment, drilling chuck with onsteckzapfen, reducing bushes
