

SBKM 2020-2 M

FOLDING MACHINE

SBKM 2020-2 M

SPECIFICATIONS

bending length	2020 mm
bending capacity St.37	2 mm
range of angle for upper bending tool	max. 135 °
max. opening size	48 mm
size of segment	25,30,35,40,45,50,75,100,150,200,250,270mm
bending angle stop	adjustable with Nonius until max. 135°
counterweigh upper beam	adjustable compression spring
counterweigh bending beam	Exzenter and adjustable spring
bending movement bending beam	bow handle
weight	600,00 kg
dimensions	2325x920x1240 mm

EQUIPMENT

- » to bending of Formteilen
- » counterweigh the upper beam through compression spring
- » counterweigh the bending beam through Exzenter and spring
- » bending movement the bending beam through bow handle
- » adjustable bending angle stop with Nonius until max. 135°
- » segmentierte tools the upper beam
