folding machine SBKM 2020-2 M

tough segmentierte folding machine for standardblechgrößen.

Netto: 4.500,00 €

Result (include USt.): 5.355,00 €

plus Versatdkosten

specifications

bending length	2020 mm
bending capacitySt.37	2 mm
range of angle for uper bendingtool	max. 135 °
max. opening size	48 mm
size of segment	25,30,35,40,45,50,75,100,150,200, 250,270mm
bending angle stop	adjustable with Nonius until max. 135°
counterweigth upper beam	adjustable compression spring
counterweigth bending beam	Exzenter and adjustable spring
bending movement bending beam	bow handle
weight	600,00 kg
dimensions	2325x920x1240 mm

equipment

• to bending of Formteilen
• counterweigth the upper beam through compression spring
• counterweigth the bending beam through Exzenter and spring
• bending movement the bending beam through bow handle
• adjustable bending angle stop with Nonius until max. 135°
• segmentierte tools the upper beam
• size of segment: 25, 30, 35, 40, 45, 50, 75, 100, 150, 200, 250, 270 mm
