folding machine SBKM 2540/45E

These hydraulic folding machines will in Stable verwindungsstiffnessr Steelconstruction produced.

Netto: 32.800,00 €

Result (include USt.): 39.032,00 €

plus Versatdkosten

specifications

bending length max.	2545 mm
bending capacity max.	4.5 mm
range of angle for uper bendingtool	0 - 135 degree
upper cheek stroke	25 mm
enginepower of hydraulicpump	7.5 KW
travel of the Biegezylinthes	400 mm
travel of the pressurezylinthes	75 mm
travel of the Back Gauge	800 mm
height of the working tableit	910 mm
weight	4.200,00 kg
dimensions	3400x2010x1700 mm

equipment

- machine body in heavy rigid steel construction
- high tensile strength the bending beamn
- simple operation
- drive for upper beam and bending beam
- segmentierte upper beam

4x75mm,6x100mm,8x125mm,4x150mm

accessoiries

security light curtain,manual bombation
