

drilling machine BKM 5032

Qualitativ high class drilling machine for the industriellen insert. The machine is also for moreschichtigen operation suitable.

Price upon inquiry

specifications

drilling capacity in steel	32 m
table size	500x420 mm
Tapping performance steel	M20
clamping surface table	420x340 mm
clamping surface base	370x370 mm
spindle speeds	12 steps 125 - 3030 U/min
distance spindle nose - base	1120 mm
spindle adapter	morse cone 4
quill stroke	155 mm
automatic feeds	0,1/0,2/0,3 mm/U
T-slot table	14 mm
T-slot base	14 mm
distance spindle nose - column	320 mm
diameter of coloumn	120 mm
power of engine	1,0/1,2 KW/400 Volt
weight	460,00 kg
dimensions	900x600x2100 mm

equipment

- machine foot to clamping of high Workpieces
- 2-stager Motor with 12 shiftableen speeds
- drilling table with t-slots
- easy and fast speed changes by gear shift
- gear head 180° swivel-mounted
- highest smooth running by hardened, ground in oil running gears
- threading attachment
- electromagnetic clutch for boring quill feed

accessoories

Inkl. threading attachment,cooling pump,Halogen working lamp and autofeed

optinalit accessory

keyless drill chuck B18 3-16mm	Preis auf Anfrage
machine vice TQ 140	118,50 €
